Foreword

So often in our lives we are made to recall things of the past. Through each year there are special days---days of national or world importance, days of family or personal consequence, and days of special religious significance. Then at no particular time we sit and reminisce. We think of gay moments when our hearts were light with laughter, of more serious times when our minds were sober, and of incidents that were heavy with grief.

We shall certainly never forget the years of our lives which have been spent in Shamrock High School. The many hours of hard study which brought satisfying results, the leisure hours spent riding up and down the streets of Shamrock hailing friends, the time spent shopping down town for some special occasion, will long be in our memory,

The 1961 Shamrock has been designed in the hope that it will make your memories brighter.

"A LITTLE BIT OF HEAVEN"

Shure, a little bit of Heaven fell from out the sky one day,
 nestled on the ocean in a spot so far a way;
And when the Angels found it, Shure it looked so sweet and fair,
 They said, "Suppose we leave it, for it looks so peaceful there!"
So they sprinkled it with stardust just to make the shamrocks grow;
 only place you'll find them, no matter where you go;
Then they dotted it with silver, to make its lakes so grand,
 And when they had it finished shure they called it Ireland

MARCH

MARCH 17- IRISH CITY ALIVE WITH ACTIVITY

Each year the Irish take off their ten-gallon hats and put on a green derby. They work for days and even months ahead planning one of the greatest celebrations in our nation. "ST. PAT'S DAY."

There is always a big parade with numerous floats and bands from all over the panhandle. A colleen contest chooses "Miss Irish Rose" and the man with the best donegal gets a prize. The whole

city takes part. There's not a person left out and the celebration is thoroughly enjoyed by all.

Meanwhile, the school plans for the "great day" too. The student council builds a float, the band practices extra hard for the parade and "Miss Shamrock" entertains the contestants in the colleen contest. The school buzzes with excitement.

Why do all these people go to so much trouble just for one day? Because they are honoring a saint who found Ireland all-heathen and left it all-Christian. He brought the knowledge of God to our Irish ancestors. We are indeed indebted to this great man, so each year we try to bring a bit' o' Ireland to our on 'bonnie' land.

MARCH 6-10 PUBLIC SCHOOLS WEEK OBSERVED HERE

All five Shamrock Schools were open to visitors during this week and prizes were given in each school to the classes that were the most successful in getting visitors to come to the school. The high school and junior high bands went to neighboring schools and gave a concert. Members of the city accompanied them on their tour.

MARCH 28- SENIORS PRESENT "FINDERS CREEPERS"

The Seniors of Shamrock High School presented for the pleasure of the community a three-act mystery-comedy entitled "FINDERS CREEPERS." They worked long and hard to prepare for their performance. It is always very rewarding to see them give their very best for the enjoyment of others.

BAND MEMBERS ENTER ANNUAL SOLO CONTEST

We were well represented in the solo contest at Cayon last year and will be this year. We are confident that there'll be a lot of "first divisions" brought back.

APRIL-JUNIORS HONOR SENIORS AT S.H.S.

The Juniors held their annual banquet for our honored students, the Seniors. It has always been the custom in our school for the sister classes to have a feast together and settle all matters of estate, such as wills and testimonies before the seniors leave our school. After the sad reading of the will and other business has been taken care of there is a prom.

The theme of last year's beautiful banquet was "CINDERELLA." The banquet of 1961 will be of equal beauty and excitement.

MAY 5- STUDENTS GUEST OF HONOR

Our Awards Banquet was held in the high school cafeteria. All students receiving an award during the past school year were given a "S" award.

Last years' Award Banquet had the theme "TWILIGHT OF THE GODS." The student council sponsors, plans and gives this banquet every year to honor the greatest people in the world- The students of Shamrock High School.

APRIL-MAY

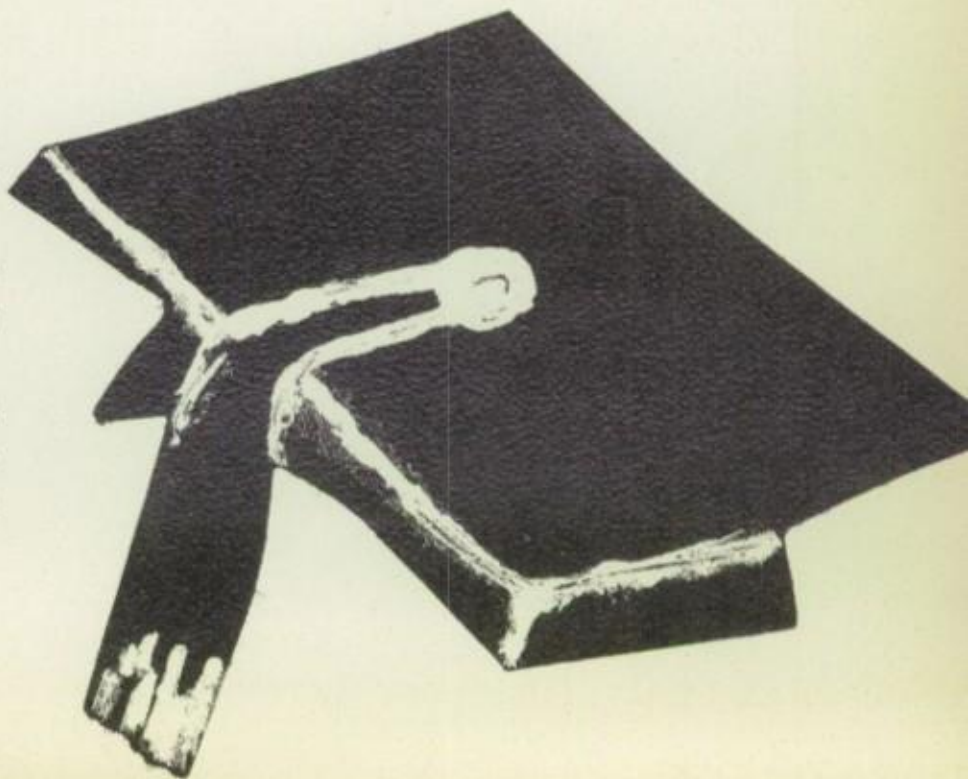

May- STUDENTS COME TO THE CROSSROADS OF LIFE

You might say they have come to a parting of the ways. No matter how you say it the meaning is the same, another fine Senior class is leaving the safe portals of S. H. S.

Some will go to college, while others will get married or work for the public. Still others will go to serve in our nation's armed forces.

To you, Seniors, we say, best of luck in your future and may you be successful in whatever you undertake to do. May you be the shining example of what Shamrock High School stands for.

So ends another eventful school year at S. H. S. Have fun this summer!

Best of luck

"The Little Dog Laughed" according to an old rhyme, "to see such sport," But the chances are more than even that he never saw such unusual sport--such mirth-prompting sport--as told in the junior play. "Here I am-home from college," declares attractive Laurie Huntington, a sophomore majoring in psychology, "expecting to find a normal, well-adjusted family! And what do I see instead? A bunch of-of psychological knots! Before the play has ended, everyone has learned something new and helpful about himself.

The practical as well as the cultural value of Latin is stressed in the Latin Club. Through Latin stories of the daily life of a Roman family, the students gain an understanding of Rome and its people. By following two students through their studies in Greece, an insight of our debt to Greek culture is realized. Reports on all phases of Caesar's life and of the times in which he lived are given. The translation of Caesar's Gallic Wars forms the basis of study for this period.

Purposes of the Future Scientists of America Club are: 1. Learn about science, science careers, and the important role science plays in democracy; 2. Cultivate the qualities of personality, character and leadership which are essential to scientists; 3. Stimulate interest in, and interpret science to others.

PREDICTION

by Bill Shivversword (McCleskey)

The date was September Sixteen,
When the Wildcats came on the scene,
They had left their Canadian den
To engage the Shamrock Irishmen.

As the tussel began to unfold,
The Irish were Terrifying to behold,
While the field clock ticked away,
'T'was apparent this wasn't the Wildcats' day.

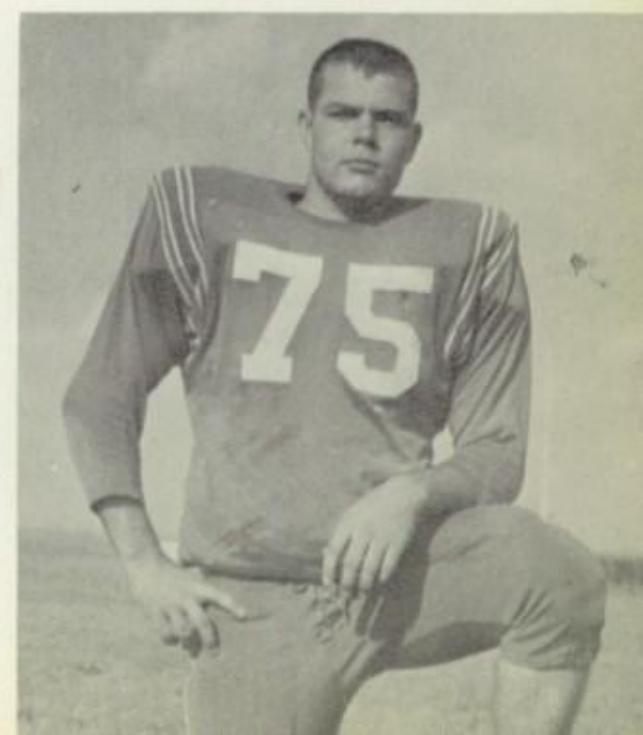

For try as they ambitiously did,
They couldn't equal the Irish bid.
And after the game, tattered and torn
Each Wildcat regretted he'd been born.

For when the battle was over,
The Shamrocks were still in clover.
And in parting let be said,
The Amarillo New's face was really red.

In the Samnorwood Tournament, the Lassies were defeated in their first game by Hedley. Shamrock fought on but lost to Wheeler for consolation.

In the Wellington Tournament, the Lassies defeated Dodson and then defeated Lakeview and lost to Wellington for first place.

Second period P. E. boys specialize in body building. Coach Kelly leads them in calisthenics which help to strengthen their bodies. Listed below are some of their exercises and how they help them.

1. High Jumper: This exercise is used to develop speed of reaction and co-ordination. it develops and tones the muscles of the calf, thigh, lower back and shoulders.
2. Treadmill: This exercise also tends to develop speed and co-ordination. Strength is developed in the shoulders, lower back, abdomen and upper thighs around the groin area.
3. Straddle Hops: This is for strength, co-ordination, and balance. It helps to develop explosive power in the legs and lower back. You must not use your hands to aid in balance, a primary reason for the hands to be placed behind the head.

The fifth period girls P. E. class is taught by Coach York and is composed of 33 girls. Coach York teaches these girls active participation in team sports such as basketball, volleyball, dodge ball, and baseball. Good sportsmanship, a knowledge of the rules of the game, and pride in physical fitness are the basic principles of this class.

The class starts each day with calisthenics which consists of the side-straddle-hop, the wind mill, push-ups, sit-ups, and finish their exercises with five laps around the gym. Then they choose teams and play one of the above mentioned sports.
